

A photograph of two young women in a room. The woman in the foreground has short blonde hair and is smiling, wearing a dark blue sweater with a white collar. The woman in the background has dark hair and is also smiling, wearing a grey turtleneck. The wall behind them is covered with several framed photographs. The year '2022' is written in pink in the top right corner.

# University Destinations

---

Collingham GCSE & Sixth Form

# Higher Education

For most of our students, Collingham is the gateway to their university of choice. Personal Tutors are there to ensure that students benefit from the very best careers advice and to offer plenty of practical help with university application.

From college to university, we work closely with our students every step along the way. Collingham prepares students for a wide variety of future pathways. Students generally go on to a broad range of UK universities upon leaving Collingham, including Oxbridge and Russell Group universities. We also regularly assist students in applying for entry to American universities, including providing tuition for SATs.

Great care is taken with the university application process, helping all students to achieve places that suit their aims and abilities. For students who are called for interview, we hold mock interviews to build the confidence necessary for success. Parents are encouraged to become fully involved in this process and there is an Open Evening in the summer term to discuss university entrance procedures.

# At a glance

2022

## First Choice

On average 85% of our students achieved places at their first choice universities.

## Top Destinations

Our students regularly go to the top UK universities, including Oxford, Cambridge, UCL, LSE, Kings College & Durham
